

Quammen

Health Care Consultants

A full-service healthcare information system and business consultancy, Quammen Health Care Consultants relies on our one-of-a-kind planning, assessment and implementation approach. **HIT: Positively** is an innovative method that recently enabled a hospital to select, configure and implement an EHR in just six months – and to realize about 70% CPOE adoption on day one. Discover how our experienced team can develop a unique strategy that will lead to stellar results for your health care organization.
